Subject: NUREG-0737, Item II.D.1 "Relief and Safety Valve Test  
Requirements"

Dear Sir:

Reference (b) requested that we provide you with additional information with regard to the subject NUREG item. As you are well aware, we are presently in the midst of our 1983 refueling outage. Because of necessary activities associated with the outage, and the need to prioritize and schedule engineering resources, we propose to submit the requested information by the end of July 1983.

We trust that this schedule is acceptable; however, should you have any questions, please contact us.

Very truly yours,

VERMONT YANKEE NUCLEAR POWER CORPORATION
