Notification of Equipment Removal
for Areas Previously Described in the
Termination Survey Final Report
Shoreham Nuclear Power Station - Unit 1
Docket No. 50-322

Ref: (1) Long Island Power Authority Letter LSNRC-2101, dated September 30, 1993; subject: Termination Survey Final Report, Phase I

Ladies and Gentlemen:

This letter provides notification of equipment changes to the Shoreham facility which have occurred subsequent to the report on Phase I final survey status provided in Reference 1. These physical changes involve the removal of equipment previously surveyed and reported as such. This notification is provided as agreed between the LIPA and the NRC staffs, in order that NRC confirmation survey plans may be adjusted as necessary.

These equipment changes are described in the enclosed Table 1. Table 1 lists: (1) the equipment removed, and component identification number; (2) the system from which the equipment was removed; (3) the respective survey unit number, and; (4) the specific location numbers and/or point numbers, where survey measurements for the equipment were included in the release record for the respective survey unit.
