Gentlemen:

River Bend Station - Unit 1
Docket No. 50-458

Gulf States Utilities Company (GSU) is providing information regarding Licensee Event Report (LER) 90-005 for River Bend Station. This LER addressed a situation where the Offgas Pretreatment Radiation Monitor setpoint in Technical Specification (TS) Table 3.3.7.1-1, Radiation Monitoring Instrumentation, was incorrect. GSU committed to provide the associated change to this TS and a revision to the LER by March 31, 1991. However, this TS change is still under development within GSU. The TS change and the revised LER are now expected to be submitted to the staff by May 31, 1991.

Sincerely,

W. H. Odell
