EMERGENCY EXERCISE RESCHEDULED

Dear Mr. Ebner:

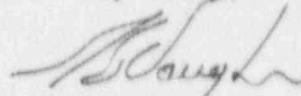

Per conversations with Mr. D. M. Collins and Mr. W. H. Rankin of the NRC staff, the Brunswick Steam Electric Plant Annual Emergency Exercise scheduled for April 23, 1991 has been rescheduled for July 30, 1991 as approved by the NRC staff. The Emergency Exercise was rescheduled due to a forced outage of Units 1 and 2, with restart currently scheduled during the week of April 22, 1991. The shutdown was a result of problems associated with diesel generators.

The following schedule is projected for the week of July 29, 1991:

July 29	2 p.m.	Controller/Evaluator Meeting
July 30	8 a.m. - 3 p.m.	Emergency Exercise
July 31	8 a.m.	Lead Controller Meeting
August 1	9 a.m.	Plant/NRC Critique and Exit Meeting

Please refer any questions regarding this rescheduled exercise to Mr. R. A. Indelicato at (919) 546-7656 or Mr. M. R. Oates at (919) 546-6063.

Yours very truly,

G. E. Vaughn
