

UNIVERSITY OF MARYLAND AT COLLEGE PARK

NUCLEAR ENGINEERING
MATERIALS AND NUCLEAR ENGINEERING

April 19, 1991

MEMO TO: Dr. Manfred Wuttig, Acting Chairman, Materials &
Nucl. Eng.
MEMO FROM: *David D. Ebert*
Dr. David D. Ebert, Reactor Director
SUBJECT: RESIGNATION AS REACTOR DIRECTOR, FACILITY DOCKET #
50-166.

The purpose of this memo is to inform you of my intention to resign as Reactor Director effective the end of the working day Friday, May 31, 1991. If it is agreeable with you, I would like to remain affiliated with the University as a NRC licensed Senior Reactor Operator (SRO) and undertake some research using the Reactor Facilities. I am sending a copy of this letter to the Nuclear Regulator Commission Region I office and Headquarters. You should realize that according to our Reactor Technical Specifications (T.S.), the University is required to have a Reactor Director who shall be responsible for the safe operation of the facility and radiological safety. Dr. Frank Munno is presently the most senior SRO at the MUTR. In addition, "The University will provide whatever resources are required to maintain the facility in a condition that poses no hazard to the general public or to the environment" (T.S. 6.1).

xc: Dr. George Dieter, Dean, College of Engineering
Dr. Gary Pertmer, Acting N.E. Program Director
Dr. Joseph Silverman, Chairman, Reactor Safety Committee
Dr. Frank J. Munno, Professor and SRO, N.E. Program
