To Whom It May Concern:

On behalf of our clients, and pursuant to both the Freedom of Information Act (5 U.S.C. § 553) and the Privacy Act (5 U.S.C. § 552a), we request copies of all drafts, Inspection Evaluation Reports, and comments on a July 19, 1982 report by James Keppler, Region Administrator for Region III, to the attention of Mr. Cordell Reed, Vice President of Commonwealth Edison in Chicago. The subject of this communication is the special safety inspection conducted by Mr. I.N. Jackiw, and others of the Region III and NRR staffs during May through July 1982, of activities at LaSalle County Nuclear Power Station, Unit 1, authorized by NRC Operating License No. NPF-11.

If any of the material covered by this request has been destroyed and/or removed, please provide all surrounding documentation, including but not limited to a description of the action(s) taken, relevant date(s), and justification for the action(s).

We request that the fees be waived, because "finding the information can be considered as primarily benefitting the general public." 5 U.S.C. § 552(a)(4)(A). The Government Accountability Project is a non-profit, nonpartisan public interest organization concerned with honest and open government. We are requesting the above information on behalf of our clients for a monitoring project on the adequacy of the NRC's efforts to protect public safety and health at nuclear power plants.

For any documents or portions of documents that you deny due to a specific exemption, please provide an index itemizing and describing the documents or portions of documents withheld. The index should provide a detailed justification of your grounds for claiming each exemption, explaining why each exemption is relevant to the document or portion of the document withheld. This index is required under Vaughn v. Rosen(I) 484 F. 2d 820 (D.C. Cir. 1973), cert. denied, 415 U.S. 977 (1974).

We look forward to your response within ten working days.

Yours truly,
