Dear Mrs Sinclair

This is in response to the discovery request you made in connection with the upcoming soils quality assurance hearings. This request is documented in a letter dated March 22, 1983 from Consumers' attorney Frederick C Williams to you and Mrs Stamiris, as follows:

"key documents (if any), including correspondence, communications, memoranda or minutes of meetings, created during the time period from mid-October through December, 1982, leading up to the decision in early December to stop work on the plant, which documents would set forth reasons for the decision to halt construction on certain parts of the plant and lay off a number of workers."

In accordance with your request, the Company searched its files for the above documents. We determined that no such documents exist.

Very truly yours

*James E Brunner*
