Re: In the Matter of Gulf States Utilities Company
(River Bend Station, Unit 1)
Docket No. 50-458-OLA
ASLBP No. 93-680
Our File No. 1550-21751

Dear Tom:

This will confirm our telephone conversation of yesterday, September 26, 1994. I informed you that I represent Gulf States Utilities Company in the above-referenced matter. I then inquired about the status of Cajun's responses to Gulf States Utilities Company's Interrogatories and Requests for Production of Documents. You stated that you hoped to get some responses out on Tuesday, September 27, 1994, but that, more than likely, the responses would be received by Gulf States by overnight mail on Wednesday morning, September 28, 1994.

I also asked whether this included the documents which were requested by Gulf States, and you stated that you intended to object to the Requests for Production of Documents as untimely, because the responses to the Requests would not be due until after the discovery period was over.

If I have incorrectly stated the substance of our conversation, please let me know.

Very truly yours,

Douglas E. Levanway
