ROY A. WELLS, JR.  
Biographical Data

Roy A. Wells, Jr. is executive director-Midland project office for Consumers Power Company. The Midland project office is responsible for directing the completion and licensing of the nuclear plant.

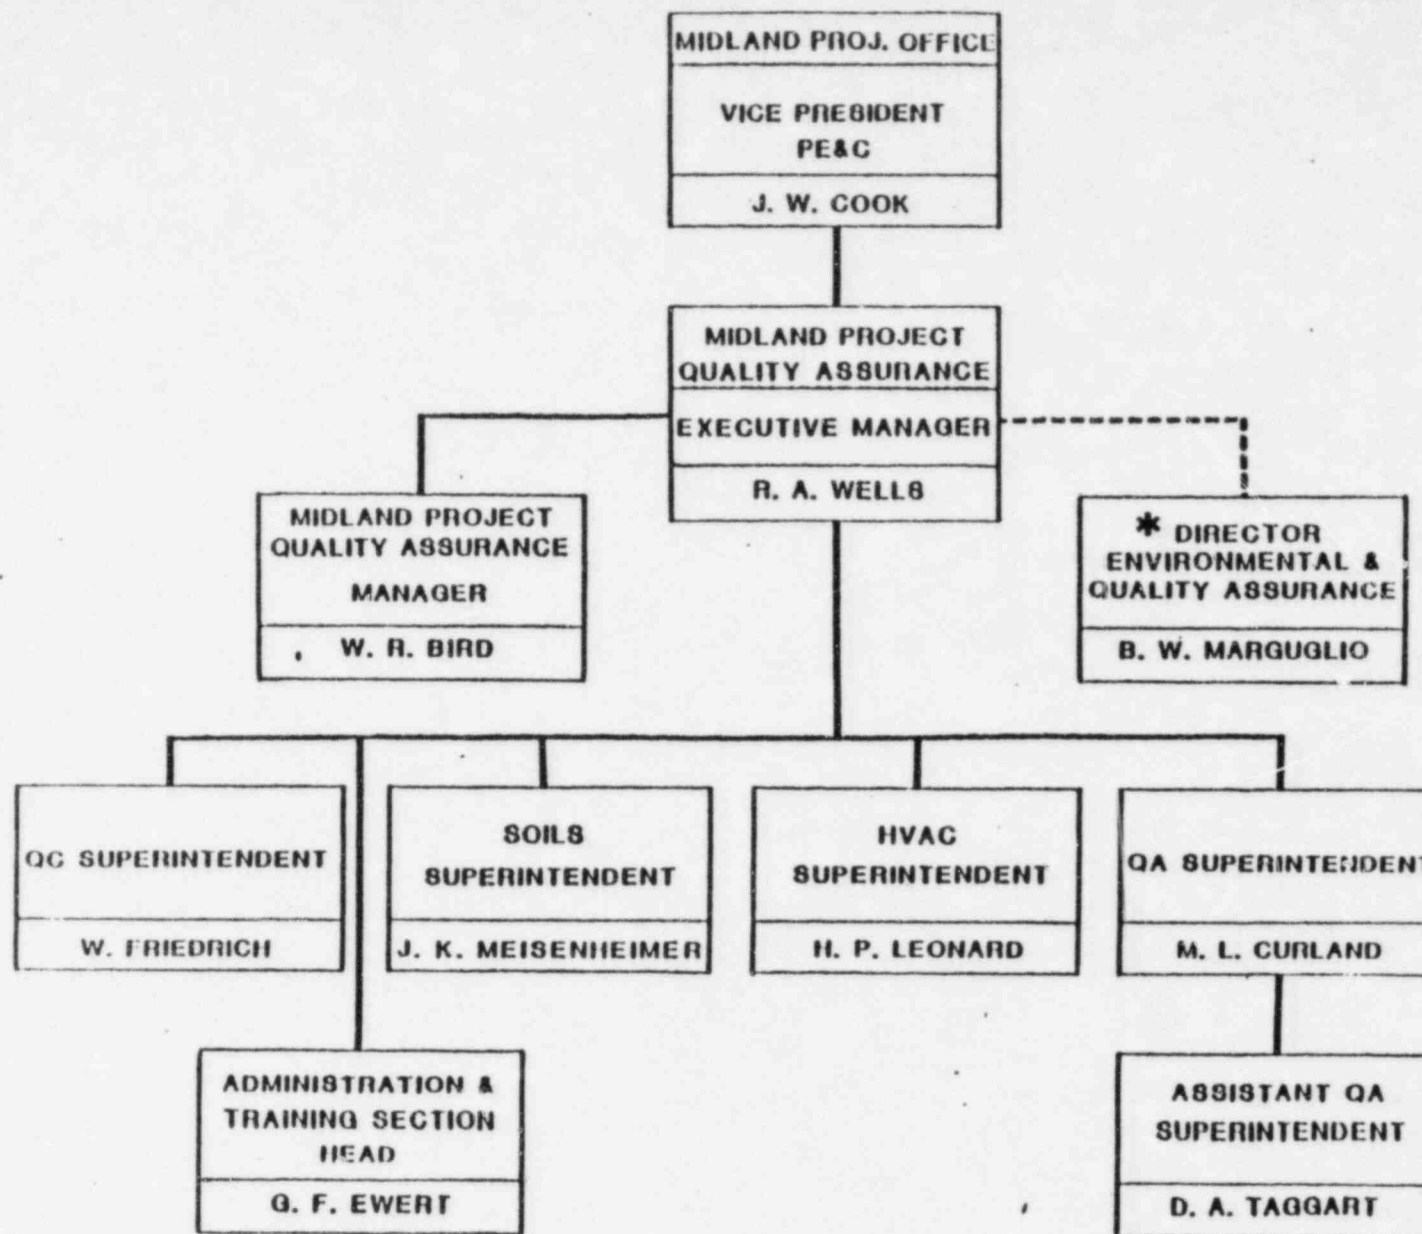

Wells joined the company in 1957 as a graduate student-in-training in the general office in Jackson. He took a leave of absence from late 1957 to 1960 to serve in the US Air Force. Upon his return he worked as a laboratory engineer and laboratory measurements supervisor before being named assistant manager of general services in 1968. He was promoted to executive director of environmental activities, in the electric operations department in 1970. He was named executive director of environment and project services in January 1976 and executive director of corporate planning in March 1980. He assumed his present position in August 1981.

Wells was born May 22, 1935, in Carrollton, Ohio. He was graduated cum laude in 1957 from Case Institute of Technology in Cleveland, Ohio with a bachelor of science degree in electrical engineering. He received a master of arts degree in business administration from Western Michigan University in 1968 and a master of science degree in management from Massachusetts Institute of Technology in 1970. He studied at MIT as a Sloan Fellow.

Wells is a registered professional engineer in Michigan.
