SUBJECT: Peach Bottom Atomic Power Station, Units 2 and 3  
1991 Annual Emergency Exercise Objectives

REFERENCE: Letter from W. J. Lazarus (NRC) to C. A. McNeill (PECO)  
dated August 9, 1989

Dear Sirs:

Attached is the description, scope, and objectives for the Peach Bottom Atomic Station (PBAPS), Units 2 and 3, 1991 Annual Emergency Exercise, scheduled for July 31, 1991. This information is being submitted ninety (90) days prior to the start of the exercise in accordance with guidance provided in the referenced letter. This exercise is defined as small scale, and therefore will not involve any offsite participation.

The referenced letter provides guidance on the submittal of emergency exercise objectives and scenario guidelines. Additionally, it specifies that the scenario only should be protected and distribution limited to those individuals identified in the letter. However, based on our conversations with NRC Region I representatives concerning the confidentiality of emergency exercise objective and scenario guidelines, the attached information will only be distributed to those individuals specified as recipients in the letter and is not for public disclosure.
