Dear Mr. Denton:

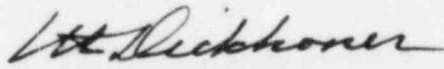

RE: WM. H. ZIMMER NUCLEAR POWER STATION -
UNIT 1, DOCKET NO. 50-358

On April 1, 1983, Joe Williams, Jr. joined The Cincinnati Gas & Electric Company as Senior Vice President, Nuclear Operations, reporting directly to me.

Effective April 21, 1983, he will assume all responsibilities associated with the Wm. H. Zimmer Nuclear Power Station. He is well qualified to assume this position by virtue of his previous experience in providing consulting services related to nuclear facilities, with the Electric Boat Division, General Dynamics, and his experience in the U.S. Navy which included responsibility for construction and testing of Trident class submarines and command of the Submarine Force, U.S. Atlantic Fleet.

Very truly yours,
