RELATED CORRESPONDENCE

'83 April 14, 1983

Mr. Robert Guild
Attorney at Law
Post Office Box 12097
Charleston, South Carolina 29412

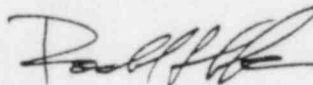

Dear Bob:

The "NRC Staff Second Supplemental Response to Palmetto Alliance First Interrogatories and Production Requests on Contentions 6 and 7 (Re: General Interrogatory 4)" produces documents from a May 25, 1982, presentation by Duke to NRC concerning resolution of inspector concerns. Upon receipt of this Staff response, we requested all documents pertaining to the May 25 presentation. After reviewing the documents, it appears that the information contained in them is also contained in other documents produced for your inspection in response to earlier interrogatories.

Since these documents arguably fall within the "corrective action" aspect of your interrogatories, we will make them available for your inspection and copying along with the other documents previously identified. The documents are identified on Attachment A to this letter.

If you have any questions, please call me or Al Carr.

Sincerely yours,

Ronald L. Gibson
