Edwin I. Hatch Nuclear Plant
NRC Bulletin 93-02, Supplement 1 Closure

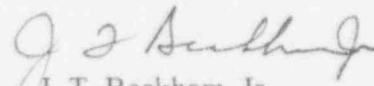

Gentlemen:

On February 18, 1994, the Nuclear Regulatory Commission (NRC) issued Bulletin 93-02, Supplement 1, "Debris Plugging of Emergency Core Cooling Suction Strainers." On April 15, 1994, Georgia Power Company (GPC) issued a response to the bulletin and stated that all the requested actions were complete. However, as stated in the response, formal training was to be provided during the normal scheduled training classes with completion by August 18, 1994.

This letter is to inform you that all actions related to Bulletin 92-02, Supplement 1, including the formal training, were completed as of August 5, 1994.

If you have any questions in this regard, please contact this office.

Sincerely,

J. T. Beckham, Jr.
