OCRE'S TENTH DISCOVERY PROGRESS REPORT

Pursuant to the Licensing Board's September 9, 1981 Memorandum and Order, LBP-81-35, 14 NRC 682, 689 (1981), Ohio Citizens for Responsible Energy ("OCRE") hereby files its tenth progress report on discovery activities.

In the past two months OCRE has submitted its answers to Applicants' Third Set of Interrogatories and Request for Production of Documents, concerning Issues 13, 14, and 15, dated March 18, 1983.

In their response to OCRE's interrogatories and document requests on Issue 13, Applicants identified a number of documents which are to be made available for OCRE's inspection only at the offices of their A/E, Gilbert Associates, in Reading, PA. Such arrangements are unacceptable to OCRE because of the extreme inconvenience. This has been communicated to Applicants, who have not changed their policy. OCRE hopes that this situation can be resolved informally, without requiring the assistance of the Licensing Board.

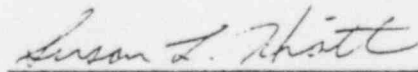

Respectfully submitted,
