From A. C. Morgan - Columbus G.O.
Subject CNS Emergency Plan (EP) Revision

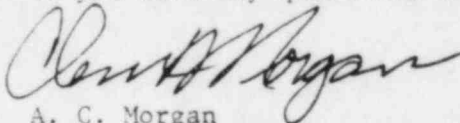

**FOR INTER-DISTRICT
BUSINESS ONLY**

Enclosed is your copy of the subject revision. Remove the old Emergency Plan from its binder and replace all sections with the appropriate new sections. This is a wholesale change and the entire old Emergency Plan should be discarded with one exception. The colored 10 mile EPZ map in Appendix C should be retained and inserted into the corresponding portion of Appendix C in the subject revision.

Please note the revision bars in the margin of the appropriate revised pages along with the latest revision date in the lower right corner of each page. As future revisions occur, new pages will be issued with new revision bars and the date of that revision.

Please sign and date the attached sign-off page and return it to this writer indicating you have received and reviewed the updated revisions of the CNS Emergency Plan.

If you have any questions or comments, please contact me.

FOREWORD

This Emergency Plan establishes the policies and practices to be followed at Cooper Nuclear Station in the unlikely event that an emergency situation should occur. Additions, deletions, or modifications to the policies and practices contained herein must have approval of the Assistant General Manager - Operations before such changes can be incorporated.

The Emergency Plan Implementing Procedures (EPIPs) and General Office Guidelines (GOGs) for CNS Emergency Response Activities are the documents which implement the requirement of this Plan. Additions, deletions, or modifications to the EPIPs are made in accordance with the CNS Administrative Procedures. Changes made to the GOGs are the responsibility of the Assistant General Manager - Operations.

Copies of this Plan and the implementing documents shall be serially numbered and shall be issued via a system of controlled distribution which will assure that all copies remain current.

General Manager
