Office of Nuclear Reactor Regulations
Attn: John F. Stolz, Chief
Operating Reactors Branch No. 4
U. S. Nuclear Regulatory Commission
Washington, D.C. 20555

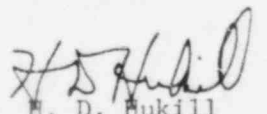

Dear Sir:

Three Mile Island Nuclear Station, Unit 1 (TMI-1)
Operating License No. DPR-50
Docket No. 50-289
Emergency Planning Information Distribution
ASLB Partial Initial Decision

As an update of the information provided in our letter 5211-83-024 of January 26, 1983, this is to advise you that the emergency preparedness briefings for major employers, which were called for as part of the ASLB Partial Initial Decision, have been offered and conducted for major employers and operators of transient locations within the Three Mile Island Plume Exposure Pathway EPZ.

Action required by paragraph 2010 e of the ASLB Partial Initial Decision of December 14, 1981 on Emergency Planning Issues, has been completed and may now be certified as such by the NRC staff. No further action is required by the Licensee to satisfy the eight emergency planning conditions of the Partial Initial Decision.

Sincerely,

H. D. Hukill
Director, TMI-1
