

## Part VII: Enclosures

# 1 ENCLOSURES

The purpose of this part is to outline the documents that are submitted as part of this combined license application but are not included in other parts.

Documents related to emergency response plans are necessitated by Part I, “Company information and financial requirements,” and are the following:

- Idaho Emergency Operations Plan (2017)
- Idaho National Laboratory Fixed Nuclear Facility Emergency Plan

Documents related to standalone plans or programs are necessitated by Part II, “Final safety analysis report,” are the following:

- Emergency Plan
- Radiation Protection Program
- Physical Security Plan
