Ms. McNally,

Thanks for your email related to the canisters at San Onofre. You will be able to find information on the NRC Licensing Process for Spent Fuel Storage in our website: <https://www.nrc.gov/waste/spent-fuel-storage/licensing.html>. In summary, if a licensee submits a proposal for a new canister, NRC will review the application in accordance to the applicable regulations in Chapter 10 of the Code of Federal Regulations Parts 71 and 72, as applicable.

Please don't hesitate to contact me at damaris.marcano@nrc.gov if you have any other questions.

Thanks,
