James F. Ahearn
Sir

Reference Rocket 50 289 SP
TMI Unit 1 Middle Town Pa.

TMI-1 is different from TMI-2 and
has been modified I have been advised

What has been the cause factor
in the decision of the fate of TMI-1

Let's get TMI-1 restarted without
further delay.

Nuclear is safe, rather expensive
and urgently required.

Sincerely yours,
J. R. McCance
