Saxton Nuclear Experimental Corporation
P. O. Box 542
Reading, Pennsylvania

Gentlemen:

This is to certify that there is in effect as of June 1, 1961, a Nuclear Energy Liability Policy (Facility Form) No. NF-107 issued to Saxton Nuclear Experimental Corporation which is subject to an aggregate limit of liability of \$1,000,000. As soon as NELIA is advised of the date on which the named insured will need higher limits, NELIA will be prepared to amend the contract to increase the aggregate limit of liability up to \$3,000,000. The advance premium will be amended to reflect the higher limit.

Yours very truly,

F. X. Boylan
Assistant General Manager

It is agreed that the definition of "insured shipment" in Insuring Agreement III is amended to read:

"insured shipment" means a shipment of source material, special nuclear material, spent fuel or waste, herein called "material," (1) to the facility from any location except an indemnified nuclear facility, but only if the transportation of the material is not by predetermination to be interrupted by removal of the material from a transporting conveyance for any purpose other than the continuation of its transportation, or (2) from the facility to any other location, but only until the material is removed from a transporting conveyance for any purpose other than the continuation of its transportation."

Effective Date of this Endorsement June 1, 1961 To form a part of Policy No. NF-107

Issued to Saxton Nuclear Experimental Corporation
