APPLICANTS' COMMENTS IN SUPPORT
OF LICENSING BOARD MEMORANDUM
AND ORDER (August 12, 1983)

I

INTRODUCTION

On August 12, 1983, the Atomic Safety and Licensing
Board ("Licensing Board") in the above-captioned action

8308230176 830818
PDR ADOCK 05C00361
G PDR

D503

issued its Memorandum and Order (Ruling on Off-site Medical Services Issue). The Licensing Board determined that Applicants have satisfied the requirements of 10 CFR 50.47(b)(12) with respect to off-site medical services. Pursuant to 10 CFR 2.764(f) and as specifically stated by this Commission in its Order (CLI-82-14), the Licensing Board's Memorandum and Order is subject to an immediate effectiveness type review. Pursuant to 10 CFR 2.764(f)(2)(ii), Applicants hereby submit their comments in support of the Licensing Board's Memorandum and Order.

II

THE LICENSING BOARD HAS CORRECTLY
IMPLEMENTED THE COMMISSION'S INTERPRETATION
OF 10 CFR 50.47(b)(12)

As reflected in the Licensing Board's Memorandum and Order, the interpretation to be applied to 10 CFR 50.47(b)(12) has been a subject of controversy between the parties to this proceeding as well as the Licensing Board and the Atomic Safety and Licensing Appeal Board. By Memorandum and Order (CLI-83-10) of April 4, 1983, the Commission clarified the interpretation to be given 10 CFR 50.47(b)(12). The Licensing Board's Memorandum and Order of August 12, 1983 applies that interpretation to the above-captioned proceeding.

Applicants have reviewed the Licensing Board's Memorandum and Order and have concluded that the Licensing Board has correctly applied the Commission's interpretation

of 10 CFR 50.47(b)(12) to the record in this case. The conclusion that Applicants have met the requirements of 10 CFR 50.47(b)(12) and that no further hearings or license conditions are required is fully supported by Applicants.

Dated: August 18, 1983.

Respectfully submitted,

DAVID R. PIGOTT
EDWARD B. ROGIN
SAMUEL B. CASEY
JOHN A. MENDEZ
