Administrative Law Judge Morton B. Margulies
Chairman, Atomic Safety and Licensing Board
U. S. Nuclear Regulatory Commission
Washington, D. C. 20555

Long Island Lighting Company
(Shoreham Nuclear Power Station, Unit 1):
Docket Nos. 50-322-OLA (Confirmatory Order Modification, etc.),
Docket No. 50-322-OLA-2 (Possession Only License)

Dear Judge Margulies:

Pursuant to your secretary's request this morning, I placed calls to counsel for the other active participants in these proceedings to gain their views on the proposal outlined in my July 15 letter to the Board. I was able to reach counsel for the NRC Staff, Mitzi Young, and for the Long Island Power Authority, Carl Schenker. Neither of them had any objection to combining the prehearing conferences now scheduled for July 23 and 30 into one session on July 30.

Counsel for Shoreham-Wading River Central School District and Scientists and Engineers for Secure Energy, James McGranery, was unavailable when I called, so I left a detailed message with his secretary and requested that he return my call. When I called again later in the morning, Mr. McGranery informed me that he had answered my telephone inquiry by means of a letter directly to the Board. I have since received a faxed letter from him opposing the proposal I submitted yesterday.

LILCO will appear at the Board's convenience. Given the inevitability of four-hour round trips between Richmond and Washington for any session, LILCO would prefer, if all is otherwise equal, to avoid an unnecessary second round-trip.

Respectfully submitted,

Donald P. Irwin
Attorney for Long Island
Lighting Company
