Carolina Power & Light Company (CP&L) is requesting that the above listed applicants for licenses be administered the written examination and operating test. The applicants have successfully completed CP&L's requirements to be licensed as Reactor Operators or Senior Reactor Operators, and each has also successfully performed a minimum of five significant control manipulations which affected reactivity or power level.

Also attached are the certification of medical condition, NRC Form 396, for each of the above listed applicants, for complying with 10CFR55.21, 55.23, and 55.33(a)(1).

Pursuant to 10 CFR 2.790(a)(6) the attached information should be withheld from public disclosure.

If you have any questions regarding this submittal please contact Mr. M. S. Williams at (910) 457-2056.

Very truly yours,

  
Roy A. Anderson
