The requirement for Station Operation Review Committee review of the Emergency Plan and Security Plan and their implementing procedures will be relocated to the respective plans.

License Amendment Request 94-03 has been reviewed and approved by the Station Operation Review Committee and the Nuclear Safety Audit Review Committee.

As discussed in Section IV of the enclosed License Amendment Request, the proposed changes have been determined not to involve a significant hazards consideration pursuant to 10CFR50.92. A copy of this letter and the enclosed License Amendment Request has been forwarded to the State of New Hampshire Liaison Officer pursuant to 10CFR50.91(b).
