JOINT INTERVENORS' MOTION FOR ONE-DAY EXTENSION
OF TIME TO FILE SUPPLEMENTAL RESPONSE TO
PACIFIC GAS AND ELECTRIC COMPANY'S FIRST
REQUEST FOR PRODUCTION OF DOCUMENTS

Pursuant to 10 C.F.R. § 2.711, the Joint Intervenors hereby respectfully move the Atomic Safety and Licensing Appeal Board ("Appeal Board") for an order extending the time in which to file a supplemental response to Pacific Gas and Electric Company's ("PGandE") First Request for Production of Documents. By order dated August 16, 1983, the Appeal Board ordered the Joint Intervenors to provide a further response to PGandE's document production request by August 26, 1983. A one-day extension of time in which to file the attached supplemental response until and including August 27, 1983 is requested by this motion.

The motion is necessitated by the extensive activity in this proceeding during the past several weeks. In particular, the prehearing conference in Bethesda, Maryland and two days of depositions in San Francisco, California during the

past five days has allowed counsel insufficient time to prepare a proper response to the document request by the date ordered.

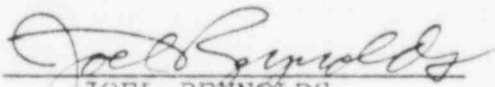

For the foregoing reason, and for those reasons which appear in the attached Declaration of Counsel, the Joint Intervenors request that their motion for a one-day extension of time be granted.

DATED: August 27, 1983

DECLARATION OF JOEL R. REYNOLDS

I, Joel R. Reynolds, declare and say:

1. I am one of the attorneys for the Joint Intervenors in this proceeding.

2. On August 16, 1983, the Atomic Safety and Licensing Appeal Board ordered the Joint Intervenors to file a supplemental response to Pacific Gas and Electric Company's First Request for Production of Documents by August 26, 1983.

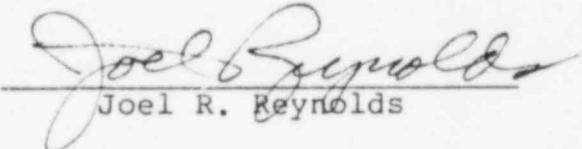

3. Due to the extensive level of activity in this proceeding during the past several weeks, a one-day extension of time is necessary to prepare an adequate response. In particular, this extension is necessitated by the prehearing conference in Bethesda, Maryland and two days of depositions in San Francisco, California, all held within the past five days.

4. Because I was absent from my office for this period, I was unable to complete the document analysis requested by the Board, and, consequently, processing of the Joint Intervenors' response was postponed until my return.

5. The Joint Intervenors request that the Appeal Board exercise its authority pursuant to 10 C.F.R. § 2.711 and that the attached motion for a deadline extension of one day be granted.

I declare under penalty of perjury that the foregoing is true and correct.

Executed this 27th day of August, 1983, at
Los Angeles, California.
