ATTENTION: MR. R. W. BORCHARDT

SUBJECT: TEST DESCRIPTION FOR AP600 FULL HEIGHT, FULL PRESSURE TESTS
AT SPES-2 FACILITY: MATRIX TEST 11 BLIND

Dear Mr. Borchardt:

Enclosed with this letter is a report describing the initial conditions and boundary conditions of a test performed at the AP600 full height, full pressure SPES-2 test facility. This Test Description Report (TDR) summarizes the test initial and boundary conditions for matrix test 11.

The purpose of these data reports is to provide the NRC staff with information on AP600 matrix tests of sufficient depth to enable early evaluation and analysis of test results.

An electronic copy of the test data included in the TDR is provided as Enclosure 2 on a single 3.5" diskette. The test files are in ASCII format.

The TDR and diskette contain Westinghouse proprietary information and is identified as preliminary. This information will be incorporated in the Final Test Report. With the publication of the Final Test Report, the preliminary identification will be removed and a non-proprietary version of the Final Test Report will be prepared.

The Westinghouse Electric Corporation copyright notice, proprietary information notice, application for withholding and affidavit are attached.

This submittal contains Westinghouse proprietary information consisting of trade secrets, commercial information or financial information which we consider privileged or confidential pursuant to 10CFR2.790. Therefore, it is requested that the Westinghouse proprietary information attached hereto be handled on a confidential basis and be withheld from public disclosures.
