Re: Vogtle Electric Generating Plant, Units 1 and 2 License Amendment (Transfer to Southern Nuclear) ASLBP No. 93-671-01-OLA-3.

Dear Sirs:

As counsel for Georgia Power Company, we have received Intervenor Allen L. Mosbaugh's Response to Georgia Power Company's Motion for Summary Disposition of Intervenor's Illegal Transfer of License Allegation, dated October 4, 1994. Our initial review indicates that Intervenor's response misstates the applicable legal standards, contains arguments which are outside the scope of the admitted contention, raises issues that have not been previously identified by Intervenor, contains assertions which are not supported by admissible evidence (including citations to depositions which have not been transcribed), in numerous instances either mischaracterizes testimony or is so selective with testimony as to be misleading, and otherwise fails to meet the requirements of 10 C.F.R. § 2.749. In light of the foregoing, following a thorough review of Intervenor's response, Georgia Power plans to file an appropriate motion, or motions, for receipt by October 14, 1994.

Very truly yours,

John Lamberski
