SUBJECT: Comanche Peak Steam Electric Station
Revised Independent Assessment Program

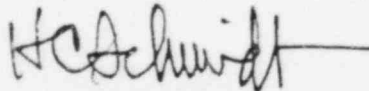

Dear Mr. Eisenhut:

In response to the NRC's July 15, 1983 letter and as a follow-up to our August 18, 1983 meeting, we hereby submit our revised proposal for an Independent Assessment Program for Comanche Peak.

We have addressed the NRC's specific concerns and have expanded the scope to include a technical review of a portion of the Residual Heat Removal System. We trust that this revised proposal meets with your approval, and request your expeditious review and acknowledgement.

If we can be of any assistance in your review, please contact this office.

Very truly yours,

H. C. Schmidt
