August 23, 1994

Subject: Docket No. 50-482: Comments on the NRC Re-examination  
of the NRC Enforcement Policy

Gentlemen:

As noted in the referenced Federal Register Notice, the NRC announced its re-examination of the NRC enforcement policy and solicited comments from the public. Wolf Creek Nuclear Operating Corporation endorses the comments submitted by the Nuclear Energy Institute (NEI) on October 24, 1994, and believes that this re-examination of the enforcement policy presents an opportunity for substantial improvement to both the policy and its implementation.

If you have any questions concerning this matter, please contact me at (316) 364-8831, extension 4000, or Mr. Richard D. Flannigan at extension 4500.

Very truly yours,

*Neil S. Carns*
