Marble Hill Nuclear Generating Station - Units 1 and 2

Dear Mr. Keppler:

Public Service Indiana has met the prerequisites outlined in your Confirmatory Action Letter of February 2, 1983 for the resumption of electrical cable tray installation.

I am requesting that an inspector or inspectors be assigned beginning July 7, 1983 to verify that the program for improved control over the electrical construction program for this work is adequate and that Items 2 through 6 in your letter have been fully addressed for cable tray installation.

Sincerely,

S. W. Shields
