Physical Security Plan

Gentlemen:

Enclosed is Issue 3, Revision 0 of the complete Beaver Valley Power Station Physical Security Plan, including the base Physical Security Plan, the Contingency Plan, and the Training and Qualification Plan. A complete plan update was undertaken in order to incorporate previous changes to the plan, grammatical corrections, and restructuring of the plan. These changes were reviewed and judged not to constitute a degradation to the Physical Security Plan.

This updated plan, since it does not decrease the safeguards effectiveness of the Physical Security Plan, is being submitted in accordance with 10 CFR 50.54(p).

The enclosed materials are considered proprietary under the provisions of 10 CFR 2.790(d), and Safeguards Information under the provision of 10 CFR 73.21, and are thereby exempt from public disclosure.

If you have any questions concerning this matter, please contact my office.

Very truly yours,

J. J. Carey  
Vice President  
Nuclear Division
