Dear Bernie and Spence:

This letter will confirm our discussion at yesterday's prehearing conference in which you agreed to provide the Town of Southampton and the other emergency planning parties\* with copies of all correspondence or other written communications between NRC Staff and FEMA concerning FEMA's review of LILCO's Interim Offsite Radiological Emergency Response Plan (RERP).

In addition to receiving any such future correspondence, I am also requesting that you send to me and the other parties copies of any written communications or correspondence on this same subject which have been generated prior to today. For example, I note that the memorandum from Krimm to Jordan, dated June 23, 1983, which accompanied the FEMA review of LILCO's Interim RERP, referenced two additional memoranda, dated June 1 and June 17, 1983. If there are any other written communications, I would appreciate receiving those as well.

It is my understanding that these documents will be provided on a continuing basis by Staff without further requests from the parties and that only those documents to which FEMA or Staff intends to assert a claim of privilege will be withheld from distribution.

If this does not accurately reflect your understanding of our agreement, please contact me at your earliest convenience.

Sincerely,

A handwritten signature in cursive script, appearing to read "Steve".
