Re: In the Matter of Long Island Lighting Company
(Shoreham Nuclear Power Station, Unit 1),
Docket No. 50-322

Dear Sir:

I am transmitting herewith the original and two copies of the Opposition of the Long Island Power Authority to the Joint Motion for Stay filed by the Shoreham-Wading River Central School District and Scientists and Engineers for Secure Energy, Inc. on March 8, 1991.

Please note that the request for relief in the Joint Motion seeks a stay of Commission proceedings and Staff reviews not only as to matters initiated by the Long Island Lighting Company ("LILCO"), but also as to applications submitted by the Long Island Power Authority ("LIPA"). Hence, the Joint Motion affects LIPA directly in its capacity as an applicant in matters pending before the Commission. For that reason, LIPA has not considered it necessary to accompany the enclosed Opposition with a motion for leave to file, as has been its practice in making earlier filings.

LIPA respectfully requests that its Opposition be filed with the Commission. If you have any questions or comments regarding this matter, please contact me at the above telephone number.

I appreciate your attention to these matters.

Sincerely,

Carl R. Schenker, Jr.
of O'MELVENY & MYERS
