Re: Vogtle Electric Generating Plant, Units 1 and 2 License Amendment (Transfer
to Southern Nuclear) ASLBP No. 93-671-01-OLA-3.

Dear Sirs:

As you know, Georgia Power and Intervenor disagree on Intervenor's right to further review documents previously produced by Georgia Power during the discovery period, which ended August 8, and maintained in the offices of Georgia Power's Atlanta counsel. In an effort to resolve this matter, counsel for Georgia Power and Intervenor have had discussions which proved successful. Georgia Power has agreed to provide Intervenor with access to those previously produced documents on certain dates.¹ Georgia Power also agreed to make available to Intervenor a support person to copy documents which Intervenor designates, at 12¢ per page, to be paid by Intervenor at the time such copies are made. In exchange for this agreement, Intervenor has agreed to (1) withdraw Intervenor's Motion for a Protective Order, dated October 25, 1994, and (2) not oppose the deposition of Mr. Larry Robinson, scheduled to begin November 8, 1994 in Atlanta.

Very truly yours,

John Lamberski
