Region IV

Dear Mr. Collins:

This letter is to confirm my telephone conversation with you this morning wherein I described to you that at 1700 hours, Monday, April 25, 1983, Mr. Paul Thomason was named acting superintendent of Cooper Nuclear Station.

Mr. Thomason has been assistant to the station superintendent at Cooper Station for several years.

Mr. Lessor continues in the employ of the District, but will not have any direct operating responsibilities at the Plant.

As I indicated to you, we will be reviewing with our Licensing Department any other responsibilities we have for official notifications in compliance with tech specs or licensing requirements. We intend to satisfy those requirements on a timely basis.

Very truly yours,

NEBRASKA PUBLIC POWER DISTRICT
