W. J. Museler being duly sworn states that he is Director, Office of Nuclear of the Shoreham Project with Long Island Lighting Company; that he is authorized on the part of said Company to sign and file with the U. S. Nuclear Regulatory Commission the foregoing Revision 6 to the Applicant's Amended Physical Security Plan, dated July 1, 1983 for the Shoreham Nuclear Power Station Unit 1, Docket No. 50-322 and to apply to the NRC to have the Plan withheld from public disclosure; Revision 6 was prepared under his review; and that the statements contained therein are true and correct to the best of his knowledge, information and belief.

Under 10 CFR § 2.790 (d) the Plan contains "commercial or financial information" because it identifies detailed security measures for the physical protection of the Shoreham Plant in which special nuclear material will be possessed and used.

Therefore, the Company requests, pursuant to 10 CFR § 2.790 (b) and 9.5 (a) (i), that the Plan be withheld from public disclosure.
