Re: In the Matter of Texas Utilities Generating
Company, et al. (Comanche Peak Steam Electric
Station, Units 1 and 2) Docket Nos. 50-445
and 50-446

Gentlemen:

Page 8717 of the transcript of the telephone
conference call on July 20, 1983 in this proceeding
contains an error that should be noted for the
record.

During this portion of the conference, the Board
was considering possible stipulations by the parties
concerning the witness interviews on July 18th and
19th. I am quoted in the transcript at page 8717,
beginning at line 14, as saying: "Well, so long as
that stipulation would also provide that even with
respect to Mr. Atchison there was no discouragement."
I don't believe this is what I said, and I certainly
did not mean to say this. I intended to indicate

that the State would be agreeable to stipulations so long as the stipulations would provide that the witnesses indicated at the interview that, even with respect to Mr. Atchison, there has been no discouragement of reporting nonconforming conditions at Comanche Peak.

Please let the record reflect this correction.

Sincerely,

David J. Preister
Assistant Attorney General
Environmental Protection Division
