References (a): J. G. Keppler letter to Cordell Reed  
dated December 22, 1982.

(b): L. O. DelGeorge letter to J. G. Keppler  
dated January 20, 1983.

Dear Mr. Keppler:

Reference (a) transmitted the subject Inspection Report to Commonwealth Edison Company. Reference (b) provided our response to Reference (a). In Reference (b), it was stated that the final check of records by Zack was "expected to be completed by June 1, 1983." It has now been determined that completion is expected by August 1, 1983. We are advised that the primary reason for this delay has been that the Zack Staff has been working on financial matters such as claim items, drawing change estimates, etc.

If there are any questions in this matter, please contact this office.

Very truly yours,

  
C. W. Schroeder 6/28/83
