APPLICATION FOR WITHOLDING PROPRIETARY  
INFORMATION FROM PUBLIC DISCLOSURE

Dear Mr. Eisenhut:

Enclosed are:

- (a) One (1) copy of "Independent Evaluation of Proposed Modifications to Westinghouse Model D4, D5 and E Steam Generators", Final Draft Proprietary.
- (b) One (1) copy of presentation material from 7/7/83 meeting with the NRC in Bethesda, Md. Proprietary.

These reports contain information which is proprietary to Westinghouse. Accordingly, we request that this report be withheld from public disclosure.

In order not to delay this submittal of information requested by the Commission, we will comply with the requirements of 10CFR 2.790 to provide proprietary and non-proprietary versions together with an affidavit as soon as the proprietary information contained in the report is specifically identified. We will submit the total required number of copies of the proprietary and non-proprietary versions of the report and the required affidavit at that time. In the meantime, we have provided a copy of the proprietary report for you to initiate your review. Westinghouse has advised us that this procedure has been discussed with Mr. W. Shomaker of the NRC Executive Legal Department and that he concurs.

A copy of this submittal is being prepared specifically identifying the proprietary information and we expect to be able to fully comply with the requirements of 10CFR 2.790 within one month.

Very truly yours,

*LDB*
