APPROVED BY:

*L. Lang**29 March 83*1.0 PURPOSE:

This procedure outlines the functions and duties of the Corporate Emergency Planner, including his interfaces with the Ginna Emergency Planning and with other corporate departments.

2.0 INSTRUCTIONS:

- 2.1 The Corporate Emergency Planner reports to the Superintendent of Nuclear Production.
- 2.2 He should have a Bachelor of Science degree in Health Physics, Chemistry, Engineering or equivalent and have 5 years of Nuclear Power Plant experience.
- 2.3 He will maintain liaison with the New York State Radiation Emergency Preparedness Group and report on any items of interest to the Superintendent of Nuclear Production.
- 2.4 He will maintain liaison with the Wayne and Monroe County Directors of Emergency Preparedness in order to coordinate the response actions of the counties and Rochester Gas and Electric Corporation.
- 2.5 He will coordinate the emergency responses of INPO, Westinghouse and other offsite facilities into the RG&E Nuclear Emergency Offsite Response Procedures.
- 2.6 He will maintain the Nuclear Emergency Offsite Response Plan in a viable and workable status, capable of response to a Radiation Emergency.
- 2.7 He will maintain the Electric and Steam Production Emergency Plan up-to-date and coordinate with other Emergency Operating Facility Plans.
