Dear Mr. Felton:

I received your materials last week. I would like to thank you for not only sending me what I requested but also for your personal response. The materials will be used both as justification and support in my Senior thesis.

If I might trouble you further, one more small detail is still needed for my thesis. I would appreciate it if you could send me, under FOIA, the Preliminary Safety Analyses of the two plants in my area, namely Shorham and Indian Point. I would appreciate the entire reports but if they are impossible to send due to bulk could you kindly send me the areas pertaining to the various hypothetical accident situations and the safety features designed to prevent said accidents. If this is still too bulky just the Shorham information will do. Again I'd like to have all of it if it is possible. Thank you for your time, I remain

Sincerely yours,

*Brian H. Spector*
