Operator Licensing Examination Reference Material

Pursuant to your request by letter dated June 10, 1991, Houston Lighting & Power Company (HL&P) transmits reference material under separate cover associated with the reactor operator license examinations to be held at the South Texas Project Electric Generating Station during the week of September 30, 1991. Updated material for Emergency Preparedness procedures, Emergency Plan, and Plant Reference Simulator information will be sent to your office by August 30, 1991; these are in the process of being updated. The transmitted information is current as of when it was assembled; significant changes to the submitted reference material are not expected before the reactor operator license examination.

If you should have any questions on this matter, please contact Mr. P. L. Walker at (512) 972-8392 or me at (512) 972-7205.
