Subject: McGuire Nuclear Station, unit 1
Docket No. 50-369
ASME Code Section XI
Hydrostatic Testing Requirements
Relief Request No. 90-02

By my letter of November 19, 1990, I had submitted the subject relief request. The request concerned the need for additional time to complete certain in-service hydrostatic tests during the first ten year interval for Unit 1.

Please find attached a revised portion of the justification provided by my November 19, 1990 letter. The revised section (IV. Basis For Requesting Relief) provided by this letter supersedes in its entirety the same section of the justification provided by my November 19, 1990 letter.

Should there be any questions concerning this matter, please contact Paul Guill at 704-373-2844.

Very truly yours,
