In re: Marble Hill Nuclear Generating
Station - NRC Proceedings

Dear Mr. Youngblood:

This letter is written in response to your letter of
December 23, 1982.

Please proceed with dropping my name from the service
list, which request, however, is contingent upon substituting
my client's name and address as it does wish to be on the
service list in place of its counsel. The substitution for
my name and address should be as follows:

Louisville Water Company
435 South Third Street
Louisville, Kentucky 40202

Attn: Mr. Stephen A. Hubbs
Environmental Engineer

Now that the Marble Hill plant is nearing completion, the
Louisville Water Company is very much concerned with the situ-
ation as it affects discharges into the Ohio River.

I am sending a carbon copy of this letter to the appli-
cant, requesting that it make the above indicated mailing list
