Attn: Mr. Charles Hillman

Dear Sir:

By letter dated May 26, 1983, the Nuclear Assurance Corporation requested approval of a route for a series of irradiated reactor fuel shipments between the (former) Nuclear Fuel Services facility near West Valley, New York, and the WEPCo Point Beach Station at Two Rivers, Wisconsin.

Since the date of that application, the Ohio Disaster Services Agency has requested that an alternative routing in the State of Ohio be considered. In accordance with their desires, the Nuclear Assurance Corporation hereby requests approval of an additional, alternate route as follows:

Pennsylvania:	I-90 South and West to I-79	22 miles
	depart from original route	
	I-79 South to I-80	60 miles
	I-80 West to PA line	18 miles
Ohio:	PA line West on I-80 to I-80/I-90,	95 miles
	rejoin original route.	

All other information regarding the proposed shipments, as provided in our May 26 submittal, remains the same.

Please call me if additional information is needed.

Sincerely,

NUCLEAR ASSURANCE CORPORATION
