Dear Sir:

The Armed Forces Radiobiology Research Institute (AFRRI) will conduct an annual emergency drill on 9 November 1994. The drill will consist of a simulated incident requiring activation of the Institute's emergency response team (ERT) and evacuation of the Institute.

This drill will be broad in scope and will involve National Naval Medical Center, Montgomery County, and possibly US Army assets as well as internal AFRRI emergency response assets. We invite you to observe the drill and attendant functions. We will hold a meeting for all controllers and evaluators at 1500 on 8 November 1994 in the AFRRI conference room.

If you have any questions please call Mark Moore or Steve Miller at (301) 295-1221/1290.

Sincerely,

ROBERT L. BUMGARNER
Captain, MC, USN
