GEORGIANS AGAINST NUCLEAR ENERGY  
ADDITIONAL AFFIDAVITS

GANE respectfully submits affidavits for Brian Beneke, Stephanie Coffin, Lynn Cumiskey, Scott E. Garrison, Mary Gillmor-Kahn, Henry S. Kahn M.D., Alan Levine, Randolph Whitfield McDow, Nikhil Kamat-Mhamai, William Mitchell Moore Jr., Niclas Skrifvars, Elizabeth L. Southard, Oliver Springer, William R. Stein, Peter Stewart, Michael Tetler, Judy Wu, Timothy Zins.

These affidavits are in addition to the affidavits submitted with GANE's Amended Petition for Leave to Intervene of December 30, 1994.

Each of these citizens has signed an affidavit of concern about the Tech reactor and authorizing GANE to represent their interests. These affidavits have been signed in earnest and we ask you to enter the names of these citizens in the record of these proceedings.

1503

We understand that these additional affidavits have no bearing on our standing in the matter.

Respectfully submitted,

  
Glenn Carroll  
Representative for GANE

AFFIDAVIT

Comes now BRIAN BENEKE, who being duly sworn, deposes and states as follows:

1. I authorize and request Georgians Against Nuclear Energy (GANE) to represent me and my interests in the above proceeding involving Georgia Tech's request to renew the license of the Neely Research Reactor on Atlantic Drive in downtown Atlanta. More specifically, I authorize Ms. Glenn Carroll or anyone she designates to represent me and my interests.
2. I work at the Atlanta Field Office of GREENPEACE U.S., 20 13th Street, Atlanta, Georgia 30309. I believe my life and health are jeopardized by Georgia Tech's request to continue operating the Neely Research Reactor.
3. GREENPEACE's office is about one-half mile from the Neely Research Reactor. In the event of a release of radiation from the facility, my personal health would suffer serious consequences.

4. I have read GANE's 10/26/94 Petition for Leave to Intervene. If GANE's position is upheld, there is a reduced likelihood of serious accident at Neely Research Reactor; the reactor will be safer. I am less likely to suffer injury from it.

This statement is made under penalty of perjury.

I have live on campus & attended classes for 2 yrs ~~at~~ during which time I <sup>possibly</sup> was exposed to radiation. The extent of the <sup>radiation</sup> exposure cannot be quantified since proper assessment has not been Conducted.

I feel extensive investigation must be done before any further operations in the Neely Research Reactor ~~can~~ should continue.

I feel that current operations at the Reactor is an endangerment to my personal health and property.

In the Matter of

Docket No. 50-160-Ren

ASLBP No. 95-704-01-Ren

GEORGIA INSTITUTE OF TECHNOLOGY  
RESEARCH REACTOR  
Atlanta, Georgia  
Facility License No. R-97

AFFIDAVIT

Comes now Timothy Zins,  
who being duly sworn, deposes and states as follows:

1. I authorize and request Georgians Against Nuclear Energy (GANE) to represent me and my interests in the above proceeding involving Georgia Tech's request to renew the license of the Neely Research Reactor on Atlantic Drive in downtown Atlanta. More specifically, I authorize Ms. Glenn Carroll or anyone she designates to represent me and my interests.

2. I reside/work at CENTUR ST / PEACHTREE ST, Atlanta, Georgia. I believe my life and health are jeopardized by Georgia Tech's request to continue operating the Neely Research Reactor.

3. My home/work is 0.5 MILES from the Neely Research Reactor. In the event of a release of radiation from the facility, my personal health would suffer serious consequences.

4. I have read GANE's 10/26/94 Petition for Leave to Intervene.  
If GANE's position is upheld, there is a reduced likelihood of serious  
accident at Neely Research Reactor; the reactor will be safer. I am  
less likely to suffer injury from it.

This statement is made under penalty of perjury.
