

Draft <sup>or</sup> response ✓

Sept 20, 1983

Dear Comm. Lenthal,

I have followed the happenings at Three Mile Island since the accident. I am very much apposed to the opening of TMI but I for many factual reasons, I might add that the things that continue to go wrong, and the way the company has handled everything since the accident cause me to worry alot about my families safty, not because I am over-reacting emotionally, but because there are many real reasons why TMI should never operate as a nuclear plant.

Dauphin County Comm. John Minnick on Sept 14. came to you and said he agrees with me and I believe he speaks for the majority of the people in the area. Today the Cumberland County Comm. have also said they want TMI closed.

I'm asking you to act on what these representatives have told you. It's way over due!

Respectively,  
Anne Sweet
