In the Matter of  
The Cincinnati Gas & Electric Company  
(Wm. H. Zimmer Nuclear Power Station)  
Docket No. 50-358

Notification to the Parties:

Pursuant to Disciplinary Rule 9-102 of the District of Columbia Code of Professional Responsibility, this notification is to inform all of the parties to this proceeding that I joined Conner & Wetterhahn, P.C. on September 26, 1983 after working as a member of NRC Commissioner Robert's staff. I will not participate in any manner in the matters leading to the issuance of the Zimmer operating license currently pending before the NRC, specifically including (a) the proposed reopening of the operating license proceeding record for eight new contentions proposed by MVPP on May 18, 1982 on quality assurance and management competence and integrity and (b) the Commission's immediately effective order of November 12, 1983 suspending safety-related construction and ordering completion of certain specified actions.

Additionally, I will not discuss these matters with any attorney in the firm nor share in any fees for representation in these matters.

Sincerely,
