and 50-414

Gentlemen:

At the Prehearing Conference on September 12, 1983, the parties were directed to meet informally to discuss discovery needs relative to the emergency planning contentions. (See page 5, Prehearing Conference Order.)

Applicant proposes that the parties meet at Duke Power Company, Legal Office, on October 17, 1983 at 10:00 A.M. to discuss discovery needs and a projected schedule for completing discovery for all parties before February 1, 1984, when discovery will close. In the event evidentiary hearings are held on that date, we could arrange another date. Palmetto Alliance and Carolina Environmental Study Group should be prepared to state at that time what information they seek from Duke, as well as, from state and local agencies with regard to the admitted contentions.

Please let us know if the proposed time and place of meeting are convenient so that we can all move along with discovery matters.

Sincerely yours,
